STRIKE AT THE WHEEL-WORKS. Men Decline to Submit to a 10 Per Cent. Reduction.

Over one hundred of the 125 employees at the works of the Virginia and North Carolina Wheel Company, just below this ity, have gone out on a strike.

They walked out yesterday morning when notified that a reduction of 10 per cent in their wages had been made. The management informed them that this had been made necessary by the fact that the trust, with which the works are competing, had reduced its prices more than 20 per cent, in the past week, and that in order to meet their prices and live the Virginia and Carolina Company had to make the cut it waxes.

The men were, however, unwilling to work for the reduced wages, and they accordingly left the works equietly though, and with the understanding that any of them who desired to do so, and who presented themselves at the office by to her former Ohio home.

CHICAGO PRODUCE MARKET.
CHICAGO, I.I.A. November 22.—The devious fluctuations of wheat were many and puzzling to-day. There were as many weak periods as strong ones during the session, but eventually the latter carried the day, and prices closed higher.

Morgan's statistical news, which is more plentiful than that of any other day in the week, was, as a rule, unfavorable to be tere prices, but there was a great deal of short wheat to be covered, and there were crop reports of a discouracing character from Argentina. It was the latter which received the credit of causing the final advance of the session. December wheat opened at from 75/475/46, calculated at the control of the session. December wheat opened at from 25/475/46, calculated at the prices of corn moving silightly, through the sympathy existing between the grains, but there was no independence in the action. May corn opened at from 21 to 25 7-50, advanced to 75/4, and closed at 27 1-8675/46, calculated the prices of corn moving silightly, through the sympathy existing between the grains, but there was no independence in the action. INTEREST IN IMMIGRATION. A Virginia Farmer Writes Colonel Whitehead on This Subject.

The following extract from a letter to the Commissioner of Agriculture shows what people in the country who have only lived here a few years think of Virginia and the matter of immigration: Dear Sir,-I read with much pleasure your article on immigration in the Dis-patch of October 8th, and as I am in perfect accord with the idea therein ex-pressed, take the liberty to ask you to go on with the plan and bid you God-speed. on with the pian and bid you god-speed.

That a change must come very soon is a self-evident fact. The people are land poor, and to dispose of the large plantation—viz., reduce the acres to the farmer, relieve him of taxes and debt, and by so doing increase the population and cultivate the waste lands.

The land can be received probable.

The land can be recisimed, notwith-standing the croaking of some in our midst, and if our young men would only remain on their farms and work as they are obliged to do elsewhere, there would be a different state of things. Of course,

United States Court of Appenls.
